

Stockingford Nursery School

Our Curriculum Aims and End Points

Area of Learning	Aim	End points
PSED	To develop a sense of our feelings and links with others	Play both in parallel and socially, forming good relationships and developing an understanding of how they and other people feel. Be able to co-regulate effectively with a safe and trusted adult, begin to implement strategies to self-regulate
Communication & Language	Listening to and communicating with others	Communicate increasingly, using language to engage in conversation with staff and children and to develop a breadth of vocabulary and the language of curiosity that are embedded in active learning experiences.
Physical development	The physical ability to be able to follow our intentions.	Move confidently and safely with a sense of space and respect for others and to use a variety of tools effectively
Literacy	To understand and be understood	Interpret, create and convey meaning through sharing language and using a range of media in a range of contexts with enjoyment
Mathematics	To use spatial and numerical strategies to make sense of the world around us	Develop and apply mathematical concepts in relation to everyday learning experiences, showing positive attitudes and interest.
Understanding the World	To create a sense of self, our family and community and the world around us	Develop a sense of curiosity and enquiry toward themselves, their community and the world around them
Expressive art & design	To create an emotional response to what we see, hear and feel	Explore different media and materials and respond personally with ideas and feelings.
