<b>Number of children</b>	<b>Total income</b>	<b>Total income:</b> £2273.70
26	£2273.70	<b>Total cost:</b> £2247
		<b>Balance:</b> £26.70

#### Internal barriers to future attainment for pupils eligible for EYFS Pupil Premium

Children do not enter with knowledge, skills and abilities which are 'in-line' with their chronological age.

The level of developmental delay may require extensive internal support and with EYPP set at just £300 per child this is challenging in the face of wider financial constraints.

#### External barriers for pupils eligible for EYFS Pupil Premium

- Low attendance: (young children cannot make a choice to attend / not attend & it is not statutory). However, good attendance is important for development and progress, so we would always seek to support this.
- Parental involvement in learning is crucial to support rapid progress both at home and school
- Children's levels of emotional well-being can be a key barrier to their early achievement
